	Weather Flag		Power		Sponge Bucket		Powerade		Volunteer Food

CLEAN UP:

We will start tear down around 1:30 pm leaving enough remaining tables for the final hour of runners. If your station is given the clear to close, you must place table in the designated pile. Return all remaining cups, signs, cardboard trays, pitchers, & emptied buckets to Homebase. Drop garbage bags at designated final drop location at corner. Station must be all cleaned and clear before leaving for the day. Volunteers to continue helping at remaining open stations strongly encouraged and appreciated.
